

JEVS RITEI Training Program Overview:

As part of the Department of Labor's Rapid IT Training & Education Initiative, which is supported by an H1B Workforce Grant, led by Jobs For The Future (JFF), the JEVS EduConnect program (a RITEI Site Grantee) provides industry standard CompTIA A+ and Google certificate training to unemployed, underemployed and incumbent workers that lead to jobs in IT positions that require more advanced skills. **Training and learning materials are provided at no cost to the learner.**

Program participants receive technical training, professional development, coaching, and other support through innovative blended learning strategies and career-exposure opportunities. The learning program incorporates resources from [CompTIA's Tech Academy](#), [Google's Professional Certificate Program](#), to prepare graduates for entry-level Tech career pathways and attainment of industry certifications such as CompTIA A+ and Google IT Support Professional.

Why CompTIA Mentored Learning?

Validates/ enhances knowledge/ skills required to deploy, secure, and manage IT environments.	Focuses on integration of on premises, cloud-based and virtual technologies.
